WELCOME TO GENEVA HEALTH INTERNATIONAL

A SPECIALIST
HEALTH STAFFING
CONSULTANCY BASED
IN CENTRAL LONDON

Our business is to provide high calibre, experienced nurses and health professionals to private and NHS hospitals, community clinics, commercial organisations and private clients in their homes on a temporary, contract or permanent basis.

NURSING & HEALTH PROFESSIONALS

THE RIGHT PEOPLE

We understand the dynamic environment of health care and are well versed in recruitment issues faced in today's UK health service. That's why we **source and select the right people** for a range of health related positions including:

- > Registered General Nurses (all specialties)
- > Registered Mental Health Nurses
- > Registered Midwives
- > Radiographers
- > Physiotherapists
- > Occupational Therapists
- > Anaesthetic Technicians
- > Biomedical Scientists
- > Medical Laboratory Technicians
- > Doctors
- > Allied Health Professionals

Our selection process is second to none and includes clinical assessments, structured interviewing, candidate profiling and compliance checking. Staff recruited by Geneva are, by reputation, highly skilled, reliable and adaptable. Our information technology systems and service standards ensure we respond faster and smarter, enabling us to provide a service second to none.

GENEVA AGENCY SERVICES: NURSING

GENEVA RECOGNISES THE
NEED FOR TEMPORARY STAFF
TO COVER SICKNESS, ANNUAL
LEAVE OR PEAK WORKLOADS

Our temporary division can offer skilled staff immediately for one shift or as long as you need them. Using our advanced database technology we can quickly search for Nurses with the specific clinical skill required for your area of need.

We offer:

- › Nurses – General, Specialist, Community, Midwifery and Mental Health
- › Health Care Assistants
- › 24 hour call centre providing a responsive and timely service
- › Consultants with a working knowledge of both NHS and Private Hospitals
- › Excellent calibre of nurses, who have predominantly qualified in the UK, Australia, or New Zealand
- › Ongoing training and career development, which means we recruit and retain the best nurses for your organisation

All of our candidates go through a **rigorous screening process** before we send them on assignments. This assessment includes face-to-face interviews by a qualified nurse, skills testing, references from previous employers, nursing registration, criminal record checks and occupational health screening. Our candidates comply with National Care Standards and are given comprehensive induction training from Health and Safety procedures through to the NMC Professional Code of Conduct.

TEMPORARY NURSING

PERMANENT SERVICES: NURSING AND HEALTH PROFESSIONALS

OUR PERMANENT
RECRUITMENT DIVISION
OFFERS INDIVIDUALISED
STAFFING SOLUTIONS TO
SUIT YOUR LONG TERM
RECRUITMENT NEEDS

From individual, one-off referrals through to fully co-ordinated campaigns to recruit health professionals and associated staff. Using our services ensures client confidentiality and reduces the considerable workload of handling potential candidates. We source candidates using a combination of professionally designed advertising, internet and database technology. We then assess potential candidates on their clinical skills and evaluate their abilities using structured interviewing.

Once a short list has been developed, you will receive specifically designed resumes with detailed reports from us. All candidates are registered with the appropriate regulatory body and screened extensively by our consultants prior to being presented. Add full reference checks and you've got the most comprehensive assessment possible.

After we have found you the right health professional for the job, our service doesn't stop there. We provide a full mobilisation service for the successful candidates, arranging Work Permits and Entry Visas as well as providing a "Meet and Greet" service and assistance with settling in the UK. We stay in contact with both you and the candidate to ensure we've done our job successfully.

NURSING & HEALTH PROFESSIONALS

INTERNATIONAL RECRUITMENT CAMPAIGNS

WE HAVE MANY YEARS
EXPERIENCE IN RECRUITING
INTERNATIONALLY

Our campaigns for UK hospitals to recruit for multiple positions in areas of need are a proven success. We attribute this to our strong name in Australia and New Zealand, having offices in main cities in these countries, as well as the reputation of the clients we do business with.

We are experts on how and where to source potential personnel and on immigration and registration processes and requirements. Our consultants are extremely knowledgeable and provide valuable information and assistance to candidates moving to a new country.

A campaign with Geneva offers:

- › Designated account manager as a central point of contact
- › Expert advice on the best options to suit your recruitment budget
- › Knowledge and experience of advertising internationally
- › Free web jobs on our Geneva website
- › Comprehensive candidate assessments
- › Delivery of candidates within reasonable timeframes
- › Extensive campaign reports - to ensure we constantly improve our service
